LAWAL OLABISI ZAINAB

FRONTEND DEVELOPER

Lagos, Nigeria | 07054425207 | LawalOlabisi614@gmail.com | https://www.linkedin.com/in/lawal-olabisi-b478b4309/ | github.com/devzaynab

PROFESSIONAL SUMMARY

Junior Frontend Developer with hands-on experience building responsive, user-friendly web interfaces using HTML, CSS, JavaScript and React. Experienced in implementing Firebase Authentication and Cloud Firestore fire user authentication, real-time data management and secure sign-in flows. Proficient with React Router, Git/GitHub and Figma, with a core focus on writing clean code, component-driven architecture and optimizing overall user experience. Seeking an entry-level frontend developer role to contribute to software projects while continuing to grow within a collaborative team.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Web Design

Styling & UI: Tailwind CSS, Sass, CSS Modules, Figma

Backend & Cloud: Firebase Authentication, Cloud Firestore

Tools & Workflow: Git, GitHub, Visual Studio Code, Chrome DevTools, React Router, Vercel

SELECTED PROJECTS

JobTrack — Job Application Tracker | React, Firebase, Cloud Firestore

- Built a responsive web application to help job seekers organize and track job applications.
- Integrated Firebase Authentication for secure user sign-in and Cloud Firestore for CRUD operations, including adding, editing and managing application records.

GitHub: https://github.com/devzaynab/JobTrack

Live Demo: https://jobtrack-snowy.vercel.app/

Seranova Declutter — Responsive Web App | React, Firebase, CSS3

- Developed a responsive web interface showcasing decluttering and home organization services.
- Configured Firebase project settings and prepared the application for deployment.

GitHub: https://github.com/devzaynab/seranova-declutter

Live Demo: https://seranova-declutter.vercel.app/

Traverse Tours — Travel Website | HTML5, CSS, SASS, SCSS

- Developed a responsive travel website showcasing destinations and tour packages.
- Created layouts optimized for desktop and mobile screens.

GitHub: https://github.com/devzaynab/traverse_tours

Live Demo: https://traverse-tours.vercel.app/

EDUCATION

Federal University of Agriculture, Abeokuta (FUNAAB)

Bachelor of Agriculture (B.Agric. Hons), Pasture and Range Management

2021 – 2026

RELEVANT TRAINING & INTERNSHIPS

Bincom Mobile App Development Training | **2024**

- Completed practical training in frontend development (HTML, CSS, JavaScript, and Apache Cordova).

HNG UI/UX Design Internship | **2021**

- Gained practical exposure to user interface design, user research, wireframing, and user experience principles.
